

Spread of COVID-19 during cleaning	Site Manager	During the cleaning Gloves, face mask and apron must be worn and then disposed. Bins wil be swaped out and all cleaning materials disposed of.	m	h		

Decision: once all the actions are carried out, can you manage the risk and go ahead with this event or activity? (ie have a degree of challenge and risk whilst keeping girls safe)		Yes x No
If you answered 'no' to the above 'Decision' questions please explain why:		
Risk Assessment completed by: Matthew Bonewell - Site Manager insert name and role	Date completed:	1/12/2020
Has the Risk Assessment been shared with the leadership team?		Yes x No
Risk Assessment due for review: insert date (no more than 12 months time)	Date:	1/1/2021

Risk assessment form

What to do

How to do it

← Look at things that can cause injury or damage, thinking about activity, location and surroundings

← Think about the people around, not just members, who could be injured or affected by the activity

← See matrix below. Think about how serious the risk is to people and property. What is already in place to prevent the injury or damage and does this reduce the risk?

← List actions required to reduce risk. Decide if you want to go ahead.

← Make sure everyone knows what they are going to do and by when. Make sure it is done and record it

Severity \ Likelihood	Slight harm superficial injuries, minor cuts and bruises	Harmful minor fractures, ill health leading to minor disability	Extremely harmful multiple injuries, major fractures, fatalities
Unlikely Rarely happens	Low	Low	Medium
Likely Often happens	Low	Medium	High
Very likely Nearly always happens	Medium	High	High
